

## **Used Motor Oil and Filters Recycling Options**

The Lorain County Solid Waste District no longer accepts used motor oil or oil filters at the Collection Center. The District has determined that the private sector offers adequate recycling options for these materials.

Throughout Lorain County auto parts and auto service companies accept motor oil for free. This includes all AutoZone Auto Parts, Advance Auto Parts, NAPA Auto Parts, O'Reilly Auto Parts, Conrad's Total Car Care, and other companies. In addition, O'Reilly Auto Parts accepts oil filters for recycling.

The following organizations, located near the Collection Center, will accept motor oil in quantities less than five (5) gallons and/or oil filters:

### **Motor Oil Only**
