

**LORAIN COUNTY SOLID WASTE MANAGEMENT DISTRICT  
COLLECTION CENTER**

**INSTRUCTIONS FOR LARGER LOADS**

**E-Scrap (Computers, TVs, Office Equipment)**

(revised 8/2/11)

If you have less than 12 individual pieces, you may bring them to the Collection Center any time it is open (Monday and Wednesday Noon-6PM; Saturday 9AM-6PM).

---

**LARGER LOADS -**

Loads of 12 or more items are to be prepackaged. Call the District offices at 1-800-449-5643 for advice on what supplies you may need.

Pallets, gaylord boxes, stretch wrap, and other supplies may be picked up at the Collection Center at no charge; in addition, the staff there can demonstrate how to sort your materials and pack them for maximum efficiency.

When your load is ready, call the District offices at 1-800-449-5643. A staff member will advise you on the best day and time to deliver your items.

Transport your load so that it can be unloaded by a forklift truck (examples: in a pickup or box truck, or on an open trailer).

**When you arrive at the Center, be aware of the height restrictions at the primary entrance.**

If your vehicle is too tall, pull into the gated yard and park (beware the outgoing traffic lane). Then enter the Center through the Drivers Door to the left of the loading dock, and announce yourself to any member of the staff.

The District reserves the right to refuse any load not properly packaged
