GUIDELINES FOR QUALIFICATION STATEMENTS

Lorain County, OHIO

QUALIFICATION STATEMENT

The Lorain County Board of Commissioners requests professional design firms interested in providing professional services for Board directed projects to submit a statement of qualifications pursuant to section 153.65 to 153.71 of the Ohio Revised Code. Notice of this request will be published on the County web site at <http://www.loraincounty.us/information-center/county-public-notice> and will be sent directly to firms known to have a direct interest in providing such services. The qualification statements submitted will be kept on file and evaluated for design requirements when the Lorain County Board of Commissioners is planning to contract for professional design services.

Qualification statements will be accepted at any time from any professional design firm or person legally engaged in rendering professional engineering and surveying services. The County will send out an annual request to update qualification statements which are on file. The list from this issuance shall become active by no later than January 3, 2018 and will continue to be amended as new Qualification statements are received throughout the year.

Qualification statements will contain information requested on the copies of the attached Qualification-Based Selection Statement Criteria Sheet. Two (2) Qualification statements shall be submitted. Any Qualification Statements, submitted without all requested information or not updated upon request will be reason to deem a firm or individual unqualified.
