America Recycles Day Pledge

I ♻ America Recycles Day
November 15

Attention Students:

According to the EPA, our nation has reached an overall recycling & composting rate of 32.1%. That means each year, 94 million tons of material is given a useful second life instead of being landfilled! But, much more can be done if we work together!

ONLY ONE CLASS/PERIOD PER PLEDGE SHEET PLEASE

For America Recycles Day 2021, WE pledge to:
LEARN more about what materials are collected for recycling in our community!
ACT by reducing our personal waste, and recycling more in the next month!
HELP by encouraging at least one family member or friend to pledge to recycle more!

Take the Pledge:

_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____

If you need more room for signatures - please use back of pledge sheet

School Name: _____ **Grade Level:** _____ **Period: (If Applicable)** _____
