Commissioner

Lori Kokoski  
Commissioner

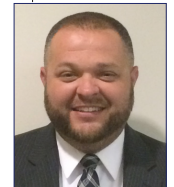

Matt Lundy  
Commissioner

Pat Ecko  
Sheffield Twp.  
Fiscal Officer

Tim McLaughlin  
NCBIA Representative

Chris Pyanowski  
Assistant Prosecutor

The Lorain County Land Bank has worked in partnership with local governments, the courts, state government and the federal government. The Land Bank has reduced criminal activity and in many cases, has improved property values.

Here is why **OUR** Land Bank has been successful:

- The LCLRC has expended over \$115,000.00 in non-local funds in the communities of Avon Lake and North Ridgeville

- Demolished over 10 blighted, vacant, abandoned, condemned and unsafe housing units

*"We are very pleased with the services of the Lorain County Land Bank as they have helped us deal with two abandoned properties in our city. Those properties were potentially dangerous due to their deteriorated condition, were a health hazard to the community and had a negative impact on property values. The Land Bank moved swiftly to process our request for the demolition of both structures and had them removed in a timely manner. We appreciate the efforts of the LCLRC Board and staff." - Avon Lake Mayor Greg Zilka*

*"Having been a supporter of the Lorain County Land Bank since its inception, this is a critical tool that enables municipalities to remove unsafe buildings quickly and cost effectively." - North Ridgeville Mayor Dave Gillock*
