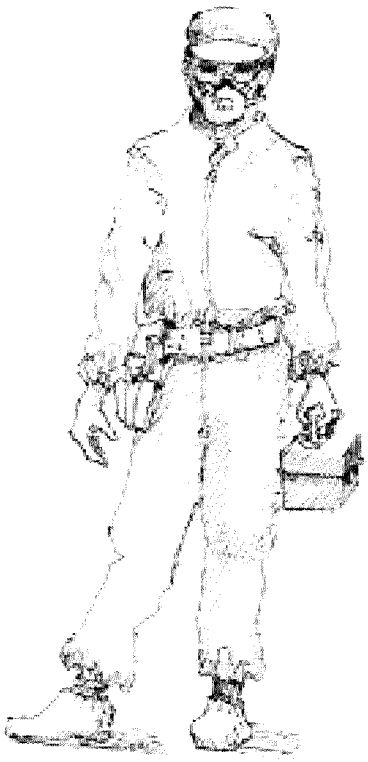
Lead Renovation, Repair and Painting (RRP) Training Class & Photos



The Lorain County Commissioners, through its Lorain County Community Development Department and in cooperation with WSOS Community Action Commission, and the Corporation for Appalachian Development (COAD) sponsored 2 Free Lead RRP Training Classes for contractors and their employees June 13 - 14, 2018. The classes were held at the Lorain County Transportation Center in Elyria. Thirty people participated and were certified to work in a lead-safe manner in houses and other project sites where lead based paint is present.

Attached are some photos from the training.

LEAD RENOVATION, REPAIR AND PAINTING TRAINING COURSE ATTENDEES:

Attendees consisted of Local & Regional Contractors from Lorain County including:

- *General Contractors
- *HVAC
- *Painting
- *Abatement

Lorain County Commissioners, Lorain County Community Development Department (LCCDD) anticipates these classes will achieve the following objectives:

1. **Increase the number of Certified Lead RRP Contractors in Lorain County**

2. **Increase the number of Certified Lead RRP Workers**

3. **Increase competition on future CHIP projects in Lorain County**

On Behalf of the Lorain County Commissioners, Lorain County Community Development Department (LCCDD) would like to thank the following organizations for making these Lead RRP Training Classes a success:

- **Wood Sandusky Ottawa Seneca (WSOS) Community Action Commission**
- **The Corporation for Ohio Appalachian Development** (COAD)
- **Lorain County Transportation Center Staff**
- **Lorain County Board of Commissioners Staff**
- **Lorain County Community Development Staff**
