Senghas Construction	\$332,029.96

Senghas Construction agrees to complete all work by November 1, 2018. They have no substitutions but will be using APS Construction Fabrics, Wadsworth, Ohio, Fabrizi Trucking & Paving Co, Cleveland, Ohio and ARL, Richfield, Ohio as subcontractors for this project.

The project includes the replacement of an existing deteriorated steel beam bridge with a new structure that consists of reinforced concrete abutments and a reinforced concrete slab deck. Construction activities also include new guardrail and minor roadway work on either side of the new bridge. This project is being proposed due to the poor condition of the existing bridge which is load rated for only 25% of legal loads.

We recommend that this bid be awarded to Senghas Construction, LaGrange, Ohio in the amount of \$332,029.96. The estimated construction cost for this project was \$323,400. The Ohio Public Works Commission will be contributing 89% of the project costs or up to \$311,500 as a grant. The balance of the project funding will be provided by the Lorain County Engineer through the Engineer's MVGT funds.

Thank you for your cooperation with this project.”;
